Specifications:

Application

- Suitable to store 4 x 205 litre drums or similar size fluid containers outdoor. The sump under the platform is designed to capture leaks from the stored containers. Spill pallets are widely used in industrial manufacturing, automotive manufacturing and repair, transport and logistics, oil & gas, marine and pharmaceutical industries. Remove drums and empty sump before moving.

Containment/Sump Capacity 250

Safe Working Load/Load Capacity (UDL) 1250

Master Packaging 1
